COLLECTIONS

48 RINGIER COLLECTION

Starting in 1995, the Ringier Collection brings together a wide range of positions in photography, video, painting, drawing, objects, and installations since the late 1960s. The collecting activity, which has no national or media orientation, focuses particularly on intensively collecting groups of works by the artists represented and giving the works public exposure on company premises and through extensive loans to exhibitions, institutions and museums.

49 SWISS RE COLLECTION

© Leonardo Finotti

Over the last 20 years, Art at Swiss Re has emerged as one of the world's leading corporate art collections, reflecting the dynamic and innovative nature of the company. The focus of the collection are commissioned artworks, realized as site-specific projects that reflect the culture of the company, promote dialogue and enhance the buildings' emotional appeal. These commissioned artworks help create a unique and unifying experience for visitors and employees in Swiss Re offices across the world.

GALLERY WEEKEND BEIJING

Since 2019 Gallery Weekend Beijing and ZÜRICH ART WEEKEND have been engaged in a cultural exchange, under the patronage of Uli Sigg, to deepen the understanding between the two regions and to promote the respective art scenes.

Past joint initiatives have taken the form of panel discussions, exhibitions and art circle tours in both cities, Beijing and Zurich. To adapt to the circumstances, since 2020 the collaboration consists in the joint organization of online and off-line initiatives such as talks, panel discussions and social media campaigns to share knowledge between the two regions.
